CIBJO President's Report released at Brazil congress, looks at stability of SMEs and grading integrity

SALVADOR, BRAZIL: May 5, 2015 – Concurrent with the 2015 CIBJO Congress, which presently is underway in Salvador, in the Brazilian State of Bahia, CIBJO President Gaetano Cavalieri has released a report, covering the organisation's activities and issues on the industry agenda.

The report covers a wide range of subjects, including the state of small and medium-sized jewellery companies, and ethical issues related to grading and grading reports, both which were highlighted in his speech yesterday during the Opening Session of the congress. Other subjects include the growing role of Latin America in the jewellery market, the Corporate Social Responsibility compliance system being developed by CIBJO and the Branded Trust Foundation, transparency and disclosure in the industry, CIBJO's relationship with the United Nations, carbon neutrality in the jewellery sector, and more.
